

*Empowered lives.
Resilient nations.*

I look forward to further strengthening our partnership with you and your Ministry as we implement our joint project to address the needs of wartime victims of sexual violence, and work together on the law changes needed to provide survivors with the status they deserve. UNDP is committed to support your Ministry in pursuing this goal. I look forward to hearing about the progress of our joint project in the coming months.

Please accept, Excellency, the assurances of my highest consideration.

Yours sincerely,

A handwritten signature in cursive script that reads "Helen Clark".
